

PartnerCash expands it's payout services by adding ePayService

Stockern, Austria – Montreal, Canada

Due to popular demand from affiliates all over the world PartnerCash expands it's payout services and integrates ePayService as an additional payout service.

PartnerCash is always near to it's affiliates wishes and needs and provides them with new ideas and new options every time.

The new integration is just a small step in the international expansion of PartnerCash, with more to come in the near future.

The President of ePayService Alex Zaslavsky says: " The synergy of ePayService and PartnerCash will help to grow the customer base for both - PartnerCash and ePayService. Since we launched ePayService we have securely delivered millions of Payroll, Affiliates and Publisher payments worldwide. ePayService will continue enabling PartnerCash with new innovative payouts options for years to come. We hope and wish that PartnerCash continue developing innovative and successful products like Saboom.com "

Besides the new ePayService payout service, PartnerCash currently also offers PayPal, Moneybookers and bank wires as payout options for it's international affiliates.

Once the payout option is chosen, the ID uploaded and verified, all affiliates can benefit from the ePayService payout service immediately.

Two strong partners for your affiliate cash!

PartnerCash – new ideas, new possibilities.
